Footprints

One night I dreamed a dream.
I was walking along the beach with my Lord.
Across the dark sky flashed scenes from my life.
For each scene, I noticed two sets of footprints in the sand,
one belonging to me and one to my Lord.

When the last scene of my life shot before me,
I looked back at the footprints in the sand.
There was only one set of footprints.
I realized that this was at the lowest
and saddest times of my life.
This always bothered me
and I questioned the Lord about my dilemma.

"Lord, You told me when I decided to follow You,
You would walk and talk with me all the way.
But I'm aware that during the most troublesome times of my life,
there is only one set of footprints.
I just don't understand why, when I need You most,
You leave me."

He whispered, "My precious child, I love you
and will never leave you, never, ever,
during your trials and testings.
When you saw only one set of footprints,
It was then that I carried you."

Our History

As the town of Hunstanton grew during the 19th century so did the number of nonconformists. The Le Strange family who were Anglicans owned all the land. Property agreements prohibited the holding of nonconformist services on any ground above the high water mark.

The church first gathered at low tide on the beach between 1850 - 1870, before permission was granted for our chapel to be built where the church meets today.

After Union Chapel was built, it was stated then that " .. it shall always be available for the services of all evangelical nonconformists."

Our constitution stipulates that Union will be at least two denominational and will support the work of two, free church, denominations.

It was in 1890 that the church officially joined the URC and Baptist denominations and was affiliated with the Evangelical Alliance, all of which it continues in relationship with today.
